FOREWORD

The athletic program is an integral part of the total school experience for both boys and girls. It offers a variety of sports and activities to all students who have potential skill and the desire to participate. The policies, procedures, and regulations in this handbook are in compliance with school board policies and administrative procedures. They are designed to provide for successful experiences for students and the efficient operation of the athletic program. Cumberland County Athletes must act with pride and dignity at all times. The purpose of this handbook is to establish regulations and procedures to deal with violations that occur **ON OR OFF SCHOOL GROUNDS THROUGHOUT THE ENTIRE CALENDAR YEAR**. The handbook is designed to encourage athletes to make choices that ensure their health and safety, and provide appropriate consequences for students who violate the rules. You, the student athlete, are accountable and responsible for all policies contained within this handbook and for any additional ones that your respective coaches might add.

Cumberland County Schools believes good sportsmanship is an integral component of interscholastic competition. In order for good sportsmanship to prevail, coaches, student-athletes, and fans must display respect, fairness, civility, honesty and responsibility before, during and after all athletic contests. We encourage fans to enthusiastically support their team, recognize outstanding performance of opponents, and always exhibit good sportsmanship in their words and actions.

ATHLETIC CODE OF CONDUCT

Participation in any athletic activity is an important part of the educational experience in the Cumberland County Schools. A primary goal of such activities is to teach students character and self-discipline skills that will enable them to develop to their highest potential. As role models for their peers and younger students, students who participate in athletic activities (“participating students”) are held accountable for their actions at a higher standard than other students. Because of the public nature of the athletic programs sponsored by the Cumberland County Schools, participating students are expected to conduct themselves in a manner that will reflect the high standards and ideals of their school and community. The participating student athlete becomes subject to this Code of Conduct upon the student's signature and date on his/her Cumberland County Middle Schools Student-Athlete Eligibility and Permission Form and continues until graduation from high school.

Participating student athletes are subject to this code at all times during the calendar year, including summer months, whether on or off campus. For summer month violations, any discipline or punishment imposed would go into effect at the next scheduled athletic activity by the student athlete. This Code of Conduct is, in addition to, any specific team/activity rules or regulations established by the individual programs.

CONCUSSION

INFORMATION FOR *COACHES/SCHOOL NURSES/SCHOOL VOLUNTEERS*

What is a concussion? A concussion is a traumatic brain injury caused by a direct or indirect impact to the head that results in disruption of normal brain function, which may or may not result in loss of consciousness. It can occur from a fall, a blow to the head, or a blow to the body that causes the head and the brain to move quickly back and forth.

How do I recognize a concussion? There are many signs and symptoms a person may experience following concussion that can affect their thinking, emotions or mood, physical abilities, or sleep.

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability	Sleeping more than usual
Feeling slowed down	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Nausea/Vomiting	More emotional than normal	Trouble falling asleep
Difficulty remembering new information	Dizziness	Feeling nervous or anxious	
	Balance problems	Crying more	
	Sensitivity to noise or light		

Table from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)

What should I do if I think a student-athlete has sustained a concussion? If you suspect a student-athlete is experiencing any of the signs and symptoms listed above, you immediately remove them from participation, let their parents know, and/or refer them to the appropriate medical personnel.

What are the warning signs that a more significant head injury may have occurred? If they have a headache that gets worse over time, experience loss of coordination or abnormal body movements, have repeated nausea, vomiting, slurred speech, or you witness what you believe to be a severe head impact, you should refer them to appropriate medical personnel immediately.

What are some of the long-term or cumulative issues that may result from a concussion? Individuals may have trouble in some of their classes at school or even with activities at home. Down the road, especially if their injury is not managed properly, or if they return to play too early, they may experience issues such as being depressed, not feeling well, or have trouble remembering things for a long time. Once an individual has a concussion, they are also more likely to sustain another concussion.

How do I know when it's ok for a student-athlete to return to participation after a suspected concussion? Any student-athlete experiencing signs and symptoms consistent with a concussion should be immediately removed from play or practice and referred to appropriate medical personnel. They should not be returned to play or practice on the same day. To return to play or practice, they will need written clearance from a medical professional trained in concussion management.

No athlete should be returned to play or practice while experiencing any concussion-related signs or symptoms following rest or activity.
